

REMARKS

The application has been amended to replace the Sequence Listing with the attached Substitute Sequence Listing. Submitted herewith is the Substitute Sequence Listing (Appendix A) and a marked-up version of the Substitute Sequence Listing with markings to show changes made (Appendix B). It is respectfully submitted that no new matter has been added by the amendment. Modifications have been made in response to the Notice to Comply. Such modifications include a change in the filing date from January 7, 2002 to September 9, 2002 to reflect the date on which the Sequence Listing was submitted. Further changes include a change in the spacing of the nucleotides and nucleotide numeric indicator of SEQ ID NO:5, a change in the "MISC_FEATURE" field of SEQ ID NO:41 to indicate that the 'Xaa' is at only position (186) and a change in the internal docket number to read "2183-5226US" rather than "2183-52226US" to correct an inadvertent error.

It is noted that the change in the filing date was made in response to a request in the Notice to Comply to reflect the date on which the Sequence Listing was submitted. However, the filing date of the application is January 7, 2002.

If any questions remain after consideration of the instant amendments, the Office is kindly requested to contact applicants' attorney at the address or telephone number given herein.

Respectfully submitted,

Tawni L. Wilhelm
